NEW KU-KLUX-KLAN FORMED IN VIRGINIA

RICHMOND, Va., July 31.—Fashioned after the historic Ku-Klux Klan, of the reconstruction period, 213 citizens of Richmond and vicinity have banded together in a secret organization.

Every man is armed and mounted, knows the ideals and principles of the mysterious organization and has pledged his sacred honor not to divulge the identity of any other member or anything which takes place within its meetings.

The negro Baptist ministers' conference adopted a resolution, July 19, lamenting that such an organization should exist, and asserting in the resolution that it is a branch of the Sovereign Klan of the World of Nashville, Tenn.

VICTORY RIBBON BARS TO BE DISTRIBUTED SOON

Victory ribbon bars will be distributed as soon as the manufacturers start delivery upon them August 9, the War Department announced yesterday.

The first shipment will comprise 400,000 bars for recruiting stations. The distribution of victory medals will take place later.

SPIRIT FAILS TO BRING PIRATE GOLD

TRENTON, N. J., July 31.—Captain Kidd's spirit is not a reliable witness as to where the redoubtable pirate buried his treasure, in the opinion of Sophie Sauter and Marie Blumer, of Paterson, and Fred Laechra, of Elizabeth, who appealed to the supreme court against both the spook and his alleged sponsor, Daniel Balsinger, of Oakland, N. J.

The three took a chance and bought a farm from Balsinger in May, 1913, on the strength of his assurance that Captain Kidd's spirit had appeared to him in the night and revealed the exact spot on the farm where he had buried whole chests of pieces of eight, doubloons, and other treasures that pirates were wont to collect.

To bind the bargain, the purchasers paid \$200 in cash and gave their note for \$5,000. They do not wish to pay the note now, because they have dug up the entire farm without finding a single doubloon. They asked the court to declare the note void on the ground that it was agreed with Balsinger that \$5,000 was to be paid out of the treasure.

Congressmen Find Travel Abroad Cheap Compared To High Prices In U. S.

Junketing to Europe has become quite a popular pastime with members of Congress since the armistice was signed.

Those thousands of Americans who have yearned for a view of the scarred battlefields have been kept at home only by the high cost of ocean travel.

"How do these Congressmen do it?" they query.

Here's how: It costs only \$1.50 a day for a member to travel on a Government steamer to Europe and back.

"It's cheaper going to Europe at \$1.50 a day and paying the regular hotel bills in Paris or London than it is staying in Washington," said a member a few days ago when he left for New York to board a steamer for France.

JOBS NOT DENIED WORKERS, SAYS HAM

Denial of charges that the Washington Railway and Electric Company had refused to re-employ service men by Major William H. Kobbe, in revoking the company's "citation," was made in a letter sent the officer by William F. Ham, president of the traction company, yesterday.

Mr. Ham declared in the letter to Major Kobbe that the action of the War Department in withdrawing the company's citation was unwarranted and unjust and also that the major's letter contained many half-truths and misstatements of fact.

Mr. Ham gave figures which showed that the company had not only re-employed 172 of their employees who entered the service, but found employment for 135 discharged sailors and soldiers not previously in their employ.

He said he knew of but two cases of men who were not re-employed outside of that of Major Sheets, and that Major Sheets was told when he left that his position was not one that could be held open for him. The position was filled, he said, by a man who had been in the service of the company for six years, whose services had proven satisfactory.

ORPHANS HAPPY AT ELKS' PICNIC

Twelve hundred young "tummies" last night came home from a day at Glen Echo with the fullest load they have had for a long time. Washington orphans were full of thanks for the Washington Elks who provided the outing for them.

The Elks saw to it that every available orphan in Washington went on the picnic, and candy, sandwiches, ice cream, lemonade, cakes and all the other good things belonging to a picnic were there in abundance.

All the park amusements were thrown open to the kiddies, some of whom had never had a chance to frolic as they did yesterday.

The general committee, headed by Alvin L. Newmyer, saw that all went smoothly and everybody returned home happy and tired. Other members of the committee were Edward J. Murphy, secretary; J. P. Rupert and Frank Mersheimer.

TWO HORSES LOST IN STABLE FIRE

Fire of unknown origin last night originating in the stables of Benjamin Robertson, 1115-1120 Second street southeast, last night destroyed two horses valued at \$300 and badly burned a third. The flames spread to two dwellings and threatened others.

Damage to the stables is estimated at \$300, and premises 1114 and 1122 Second street, occupied by Arthur Norris and James Wicks, were damaged to the extent of \$100 each.

DRIVES GIRLS AWAY; FATHER ENDS LIFE

NEW YORK, July 31.—After Gussie and Ruth Friedman, eighteen and fourteen, left their home there was no happiness for their aging mother and father.

The girls had been disobedient and their father had told them to leave his home. He did not mean the words, spoken in haste.

Last Tuesday the father was missed from his little ice cream stand near his home. He was found in his home a few hours later, a suicide from asphyxiation. A note said: "There is nothing to live for any more. Forgive me, dear wife."

The funeral was held in the little home yesterday. Gussie and Ruth were there, crying in their mother's arms.

"DRY" CELLARS UNDER LOCK.
SPRINGFIELD, Ill., July 31.—Local hardware dealers report an increased sale of padlocks for cellar doors since prohibition became effective.

FURNITURE AND HOUSEHOLD EQUIPMENT
To be sold by the
DEPARTMENT OF LABOR
At the Food Administration Building No. 2,
15th and D Sts. N. W.
DAILY—From 10 A. M. to 4 P. M.
Commencing August 1st.

A large part of this furniture and equipment is new. The sale will also include a certain amount of furniture and equipment which was used by the Government workers. The sale will include bedroom, living room and dining room furniture, linens, bedding, blankets, silverware, china and kitchen utensils.

This is an excellent opportunity for the small buyer. Those who come first will obtain the best selection, as the sale will be stopped as soon as the surplus is disposed of.

The sale is conducted under the supervision of the United States Housing Corporation.

SAYS HUBBY HAS 4 OTHER WIVES

BALTIMORE, July 31.—Robert D. White, a former employee of the shipyard at Sparrows Point, was committed for court yesterday by Justice Shannahan, of Sparrow Point, on the charge of bigamy. Complaint against White was made by Mrs. Elsie White, formerly Miss Elsie Smith, of Sparrows Point, who said she married him about eighteen months ago.

At the request of Chief Robb, of the Sparrows Point police, White was arrested last week in Toledo, Ohio, and was brought back by Lieut. Edward English, who was sent to Toledo by Chief Robb. Mrs. White told Justice Shannahan that she had discovered that White was a married man one month after her marriage and ordered him to leave her home. Later she claims that she has information that he has a wife in Sunbury, Pa., another in Harrisburg, Pa., and a fourth in the South. White denied the charge and said that his other wives were divorced.

GERMANS PLAN TO DECIDE WAR BLAME

BERLIN, July 31.—A state tribunal is to inquire into and fix the responsibility for the war. It will be composed of the supreme court of the empire, whose president will be chairman. He will be assisted by the president of the military court and the judges of the Prussian, Bavarian and Hanseatic high courts. In addition, ten assistant judges will be elected—five by the national assembly and five by a committee of the German states.

The sittings will be public. The tribunal will be only empowered to pronounce upon the question of guilt. It will not impose punishments.

HIGH PRICES FOR DRESSES TO STAY

The prices of dresses are as firm today as they ever were and there is no possibility of a drop on account of existing conditions in the trade.

A statement to this effect was made yesterday by Executive Director David N. Mosesohn, of the Associated Dress Industries of America. Mr. Mosesohn pointed out that while manufacturers generally are doing everything within their power to keep prices down, they are confronted with many serious problems and are shaving their profits in order to quote prices on their merchandise which will attract the buyer.

PEACE TREATY PUT UP TO POLISH ASSEMBLY

LONDON, July 31.—The peace treaty with Germany has been presented to the foreign affairs committee of the Polish assembly by Premier Paderewski with a recommendation for its ratification, a Warsaw dispatch today announces. In presenting the document, the premier told the committee that Poland should be happy over the terms it contains.

The Polish representative in Paris, Premier Paderewski added, had protested against providing for German educational rights in Poland when the Poles were not granted similar rights in Germany.

ANNUNCIATION SALES BARRED.
NASHVILLE, Tenn., July 31.—Chief of Police Barthell has addressed a letter to all hardware dealers of the city warning them against selling fireworks or ammunition of any kind. Mention is made in the letter to the race riots in Chicago.

Too Heavy To Carry Now
The world has changed a whole lot since old Mr. Atlas used to tote it around on his shoulders. It has increased largely in population, and since the signing of the armistice last November there have been some marked changes in the boundary lines of many countries. Lovell's New Atlas not only shows these recent changes, but also it gives a day-by-day story of the war. The Washington Times was selected to introduce this New Atlas in this section, and copies of it can be had from your news dealer.
